

SOS Smartwatch

Enhance your life with the modern day alternative to traditional medical alert systems. The Bay Alarm Medical SOS Smartwatch's crystal clear touch screen and simple functionality will allow you to make the most of your day while staying protected. Whether your in or outside the home, the SOS Smartwatch's portability will make it easy to wear wherever you go and do.

Features

- Two-Way Speaker
- Physical SOS Button
- Powered by 4G LTE
- No Smartphone Required!
- Step Counter
- 3 Screen Options
- Weather Proof

How It Works

Placing an emergency call with the SOS Smartwatch's physical button is simple to do.

During an emergency, press and hold the SOS button on the left hand side for 5 seconds.

The watch will connect to our 24/7 emergency center. Once connected, the dispatcher will ask if help is needed and with the two-way speaker, you can communicate your situation.

If help is needed, the built-in GPS will pinpoint your location and send necessary help your way.
